

## COVID-19 Response

April 4, 2020

Dear Campers,

Following the restrictions set forth from the Ontario Government and Ontario's Chief Medical Officer of Health, River Place Campground Ltd. will **remain closed until April 30<sup>th</sup>**, at which time we will re-assess based on the direction from the government and health officials.

This was not our choice to make. The updated list of essential businesses that can remain open in response to COVID-19 was released April 3, 2020 [[SOURCE](#)]. Seasonal Campgrounds are not considered an essential service and so we must keep the facility closed to the public. The restrictions are aimed at further reducing contact between people and stopping the spread of COVID-19.

As per your camping contract, please remember the camping season is from May 15 to October 15. Right now, all the buildings on the property including the offices are closed until April 30<sup>th</sup> and the entrance has been blocked. If you need to check your trailer or pick something up, you can do so and then leave but note that you will have to park your car and walk in from the office. We are not allowing anyone to stay at their trailers for an extended period or overnight (River Place will monitor this).

As things change we will provide further updates. We suggest that you keep checking our web page going forward for the most up to date information.

At this time:

1. Practice social and physical distancing by staying home and planning your camping season from the comfort of your couch
2. Campground is closed (We are discouraging you from coming up to your trailers)
3. Washrooms & Laundry rooms are closed
4. Water is off
